# GOD AS SCIENTIST

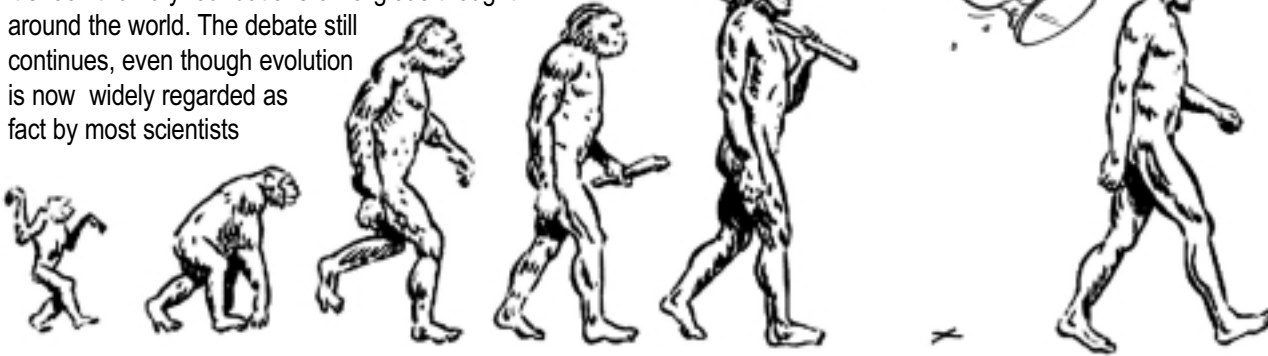

**WHO**  
created the world?

**WHERE**  
did humans come from?

**HOW**  
did life begin?

When Charles Darwin proposed then theory of evolution, it shook the very foundations of religious thought around the world. The debate still continues, even though evolution is now widely regarded as fact by most scientists

## EVOLUTIONISTS

The Universe is wonderful, but it is also pointless and random. It's not a playtoy for some immature supernatural kiddie.

'CREATIONISM IS AN  
**ENDANGERED**  
FORM OF ART'

VS

## CREATIONISTS

WHERE'S THE  
**EVIDENCE?**

Genesis 1:1  
"In the beginning God created the heavens and the earth."

Lord Brahma created heaven and earth from a golden egg

Nearly fifty percent of Americans don't believe in evolution. Some states have even tried to prevent evolution being taught in schools

EXAM ON EVOLUTION TOMORROW.  
GOD HELP YOU!

**WHAT DO YOU THINK?**

Can science and religion co-exist?
