

# THE WATER CRISIS

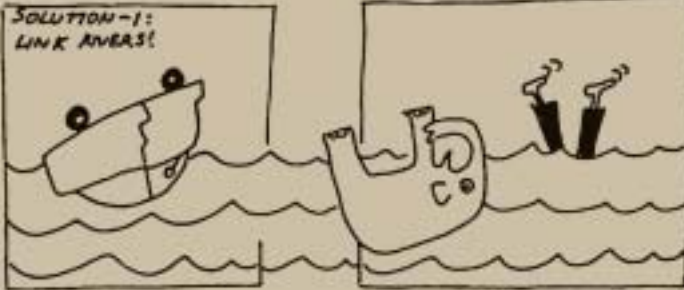

INDIA 2003 AD.  
THE RIVERS HAVE DRIED UP. THE WATER SUPPLIES ARE DISTRESSED, AND THE PEOPLE ARE TOTALLY CLUELESS!

THE POLITICAL PIG, TAKING ADVANTAGE,

OFFERS SOLUTIONS IN EXCHANGE OF VOTES

SOLUTION-1:  
LINK RIVERS!

BUT SOON PEOPLE REALIZE THAT THEY HAVE BEEN TAKEN FOR A DRY RUN. AND IT IS AT THIS POINT THAT THEY REMEMBER THEIR MESSIAH, THEIR SAVIDOUR, THEIR HE-MUST-HAVE-THE-ANSWER SURITY!

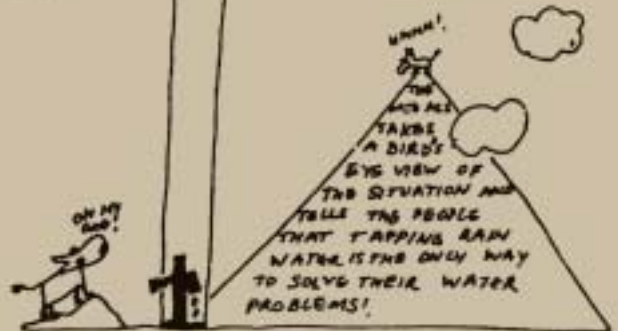

THE WISE ASS!

SOLUTION-2:  
DIG THE WELL  
OUT OF  
TUBEWELLS.

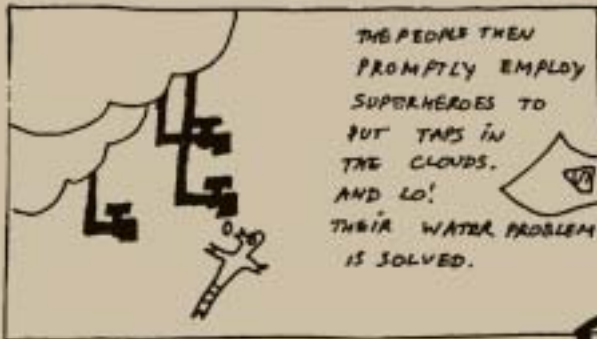

SOLUTION-3:  
MAKE  
PIPELINES  
CONNECTING  
THE 14  
HIMALAYAN  
GLACIERS  
TO THE  
VILLAGES.

OH MY GOD!

WHAH!  
THE WISE ASS  
TAKES  
A BIRD'S  
EYE VIEW OF  
THE SITUATION AND  
Tells THE PEOPLE  
THAT TAPPING RAIN  
WATER IS THE ONLY WAY  
TO SOLVE THEIR WATER  
PROBLEMS!

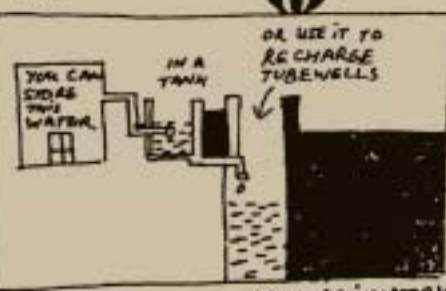

THE PEOPLE THEN PROMPTLY EMPLOY SUPERHEROES TO PUT TAPS IN THE CLOUDS. AND LO! THEIR WATER PROBLEM IS SOLVED.

HOWEVER, IF YOU ARE FACING WATER PROBLEMS, AND DON'T HAVE SUPERHEROES TO HELP YOU, DON'T WORRY!

YOU CAN SIMPLY USE YOUR TERRACE TO HARVEST RAIN WATER

IT WILL BE ENOUGH TO SOLVE YOUR WATER PROBLEM.
